

A NEW INVENTION FOR CRIME PREVENTION.

For Just £1.00

Midland Auto Trader have teamed up with local company Secur-i-Disc (UK) to offer you a simple but ingenious new tax disc holder that prevents thieves from stealing your tax disc to re-sell it on the black market.

WARNING

CAR TAX FRAUD IS BIG BUSINESS

The government loses in the region of £160 million each year from motorists who fail to pay their car tax often buying stolen discs on the black market instead. Inventor Michael Prince developed & tested the Secur-i-Disc device to hit back after thieves broke into his own car to steal the tax disc.

SOLUTION

SECUR-I-DISC WORKS

It uses special synthetic material as an adhesive cover which can not be removed without ripping the disc. This new device comes highly recommended by West Midlands Police and was then extensively tested and approved by the Driving and Vehicle Licensing Agency.
